

## Spacer, Single

### Features

- Suitable for surface mounting of all single modules
- Suitable for all teleCARE wireless switch modules
- Complete with installation kit
- Compatible with various international types of backboxes
- Available in gray or white

### Description

Spacer, single with installation kit for surface mounting of all teleCARE single switch modules. The installation kit includes interconnection cable, screws and wall plugs.

This spacer can be used for surface mounting on walls or other flat surfaces with or without a backbox. The spacer has arrangements of fixing holes which make it suitable for mounting on different types of international backboxes. Each side wall of the spacer has a cutout for entry of cables.

Examples of compatible international backboxes:

- Belgium
- Czech Republic
- Denmark
- France
- Germany
- Italy
- Netherlands
- Norway
- Portugal
- Spain
- Sweden
- Switzerland
- United Kingdom
